

### Host a professional looking online event from one of our presentation stages in Edmonton!

Encore's Presentation Stages at the Edmonton EXPO Centre comes with a complete technical set-up so you can deliver your message via any online solution.

The best part is, you'll have our expert team onsite to help optimise your presentation as well as our virtual stage team to manage the event so all of your speakers can present with confidence. When it comes to safety, our MeetSAFE protocols have been put into place to ensure the safety of both your team and ours.

Looking to connect your presentation with another location? Encore has the ability to create the largest inter connected network both in Canada and around the world!

### Why Use a Presentation Stage?

- > Our turn-key and custom solutions offers state-of-the-art technology and facilities for a wide variety of online events.
- > In one of our interconnected virtual presentation stages, you can deliver professional footage in a styled environment for any purpose, anywhere across the world.
